Message from the President

Dear Members,

You have given me the privilege of coming before you as your President and sharing with you some really good and important developments that took place over the last one year, while also outlining our vision for the next 12 months.

But before I go on to doing so, let me say it is all a collective endeavour. We play as a team and we win as a team. The efforts of the last 12 months are proof.

For every good work, we start by going to a temple or a mosque or a church. A place of worship where we all open up and find peace. For me my temple has been Eden Gardens for the last 40 years. It has been my place of worship and performance at the same time. First as a player and now as an administrator, this place has been a large part of my life. Therefore, I start with an update on Eden Gardens.

After two years of relative quiet because of Covid, CAB had an expansive season which witnessed the organisation of district and club cricket and also the P Sen Trophy after a gap of six years. In all, we organised close over 2000 games.

We also organised a one day international against Sri Lanka in January 2023 after a gap of 6 years and to our surprise we witnessed a packed Eden Gardens for the occasion. That CAB is now ready to face any organisational challenge was evident during the IPL when we hosted 7 matches within a 45-day timeframe and each match was packed to capacity. It was the first time since the start of the Covid, that crowds were allowed back into the stadium without restrictions and true to the reputation of Eden Gardens, our fans came in numbers to celebrate the carnival of cricket. I wouldn't be exaggerating when I say we are the only stadium which was filled to capacity for all of the games, be it an afternoon game in sweltering heat or an evening game under lights. It is a tribute to the passion of the Bengal cricket fans and I salute them for their commitment to the sport.

Coming to the performance of our teams, Bengal had a good season. Our women and men performed well with the men's team reaching the finals of the Ranji trophy after a string of dominant performances and having notched up some serious wins against quality opposition. Our women's team made the finals of the senior women's T-20 tournament.

We were pleased to see the progress of certain players and I want to specifically mention Sudip Gharami for his fantastic breakout season. Mukhesh Kumar did us proud by breaking into the Indian team in all the three formats. Akashdeep, Shahbaz, Mukhesh and Abhishek Porel all played the IPL and we hope will be better players with all the experience. We are also very happy that Mukesh Kumar, Akashdeep and Shahbaz Ahmed have made it to the Asian Games squad. We wish them luck and are sure that they will make us and India proud.

Coming to our women, we have Richa Ghosh, Titas Sadhu and Deepti Sharma playing in the Asian Games as we speak, while Saika Ishaque is in the stand-by squad. We expect all the girls to make us and India proud. At the WPL level we had a breakthrough season for Saika Ishaque, and she will only get better with time, and also Deepti Sharma and Richa Ghosh who are now dominant members of the Indian team. We also had Dhara Gujjar and Priyanka Bala making it to the WPL squads.

At the junior level our players Richa Ghosh, Titas Sadhu and Hrishita Basu made us proud in the U-19 World Cup with Titas bowling the spell of the final in winning India the world title and Richa having a breakthrough tournament. With a lot planned for women's cricket in the next year, these achievements by our younger players will further help strengthen the foundation of the sport.

Key Developments

The first development that I wish to speak about is that we are starting the women's club cricket from the next season in two formats - T-20 and ODI's. With a maximum of 8 teams, in the first year CAB will hand hold the clubs by helping them with coaching and kit for the players and will also select the players in each of the participating teams.

The idea is to make women's cricket more competitive and strive towards equality, which will also help us unearth new talent for the future.

Second, we have now revived the P Sen trophy after a period of 6 years. It is one of our heritage tournaments and we are proud to have brought it back.

Third, we have restarted the Dattu Phadkar trophy with an eye to strengthening school cricket for a lot of the talent will come from school cricket and it is our intention to nurture these players of the future. It had stopped for a while on account of Covid.

We also have a plan of going ahead with a second indoor facility in Kalyani. The idea is to make this academy a turf based facility. It will help us deal with the vagaries of inclement weather, which impacts players training in the monsoon. This will be weather agnostic and also use lights so that our players can practice round the clock as and when they decide to.

Now coming to a very important fundamental change that we have brought about at the district level: we have reduced the age for all age group tournaments by one year in comparison to the BCCI's age group tournaments. The plan is to allow a player a whole year at the BCCI's age group tournaments after he has participated in the ones at the state level.

The idea is also to strengthen our district cricket. Let us all remember and accept that the districts are the cradle of talent. What we have now done is identified the district cricketers who have played at a higher level and have brought them to Kolkata to be trained by our coaches in the same techniques that we use here. These men and women will in turn go back to the districts and impart training to the coaches there. It will help build synergy and uniformity across the entire structure.

Also, I am delighted to say that using our Ambar Roy U13 tournament, we have started a camp for a select bunch of talented players from this competition. It will create a supply line of talented cricketers for our state going forward.

Finally, we have made it mandatory for teams to include one U-19 local player in the first eleven in the B and C groups of the First Division league and knockout competitions. The vision behind this is to make U19 players more competitive for BCCI tournaments.

To sum up, with the world cup knocking on our doors, I urge you all to aspire to three things:

First, Eden Gardens is the best stadium in the world and it is our responsibility to showcase and safeguard its heritage and reputation.

Second, we need to ensure we achieve equality and equal opportunity for men and women in the near future. The focus on the women's club competition is a step in that direction.

Third, we need to focus on the districts to get them up to speed and ensure that we make the most of the talent that is there in these regions.

Eden Gardens is proud to have been allocated 5 world cup matches and also the second semi-final, which could be the India Pakistan semi-final if the two teams make it. Our games include the India South Africa contest, one of serious intensity, and the England v Pakistan contest, one of the marquee clashes of the world cup. We are deeply appreciative of the BCCI for recognising the importance and heritage of Eden Gardens and giving us the semi-final after 27 years.

In getting the stadium all decked up, we now have a completely revamped media center, newly built press box, all the corporate boxes have been redone and most importantly every washroom has been upgraded to ensure a smooth and hygienic fan experience during the tournament. The club house has also been entirely renovated. Anyone who has seen the upgraded facilities will agree they are of the highest global standard. While our seating remains the same, 65,500, we have taken utmost care to improve the fan engagement and experience during the competition and also make sure that the media, who are as important to us as our corporate partners, get the best facilities to work.

Finally, I need to thank our colleagues in the Kolkata Police for their unwavering support. I remember the India Sri Lanka game and there was a clash with Ganga Sagar. Police went out of their way in supporting us and pulling off a very successful match. The support of the police during the IPL was key. We look forward to their support during the forthcoming world cup.

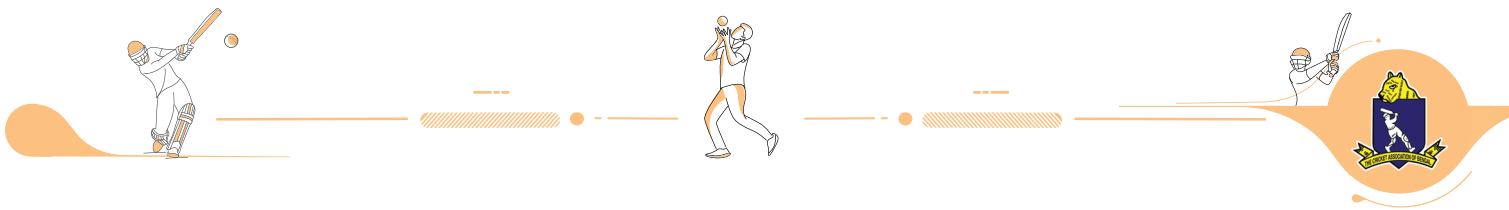

Support of the government and all the agencies has also been key in staging matches successfully at the Eden Gardens.

Last but not the least, our accounts for the past year has been healthy. Details on finances have been elaborated upon by our treasurer in his report.

We are all stakeholders in showcasing Bengal. Each one of us have a responsibility towards the state and we will do everything to ensure Bengal stands bright in the days to come. To my colleagues at CAB, I owe it to you all. There is never an I. It is always We in CAB and that's how it will be.

Thank you.

Snehasish Ganguly
President, CAB

Message from the Vice-President

Dear Friends,

Let me start by expressing my gratitude to all the members of Cricket Association of Bengal. Without your support nothing would have been possible.

When we talk of districts we think of a huge pool of talent. This was the first full season after Covid and we decided to implement the vision seen by our President. We want district cricket to grow and come to the forefront of Bengal cricket. As a result, we gave the full might and as a result I am happy to inform that we have been able to play 233 matches across all CAB prescribed formats and age-groups from U14 to U18 and seniors.

A total of nine tournaments have been played namely Inter district U15, U18, T20, Women's U14, Women's U18, Women T20, CAB Dattu Phadkar Trophy.

We firmly believe that district can produce players who can play for India and hence we have brought district cricket under a structured Uniform Coaching System wherein the district coaches and trainers have been trained by the CAB Coaches and Trainers and a series of camps are being organised in each of the 18 districts with one coach from CAB travelling for the camps. And these camps have been brought under talent hunt to spot talents who would be brought to Kolkata for further coaching.

Finally, we have been working tirelessly to improve the district grounds under the guidance of our curators and also help them build their infrastructure facilities. We have tried to rotate matches in the districts in such a format so that all districts got a chance to showcase their match holding capacity.

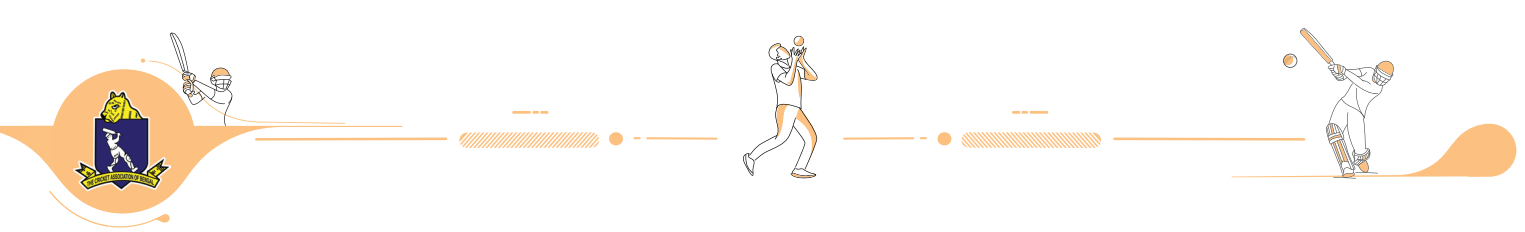

I end by once again humbly accepting the cooperation extended by all the district representatives and managements.

Warm Regards

Amalendu Biswas
Vice-President, CAB

Message from Hony. Joint Secretary

Dear Members,

Accept my heartfelt thanks in the very beginning. Without your support we could not achieve anything.

Women's cricket have come up in a big way in CAB. Here we believe in giving equal opportunity to women and hence we have taken the initiative to make Jhulan Goswami, the mentor of Women's Cricket in Bengal. Under her guidance, I'm sure Bengal women will make giant strides.

We have also invested in finding out new talents from districts. Titas Sadhu is one such example who was spotted by us and she proved her mettle at the highest level. I take great pride to say that we have at least three active Bengal players in the senior Indian team and five players in WPL.

To have three Bengal players in the U19 T20 World Cup winning team is a matter of great pride and we are only trying harder to get more players up the pipeline who can don national colours at age group and senior levels.

CAB has held 79 matches under three tournaments CAB Women One-day Meet, CAB Women T20 Meet and Byju's Bengal Women T20 Blast, besides a host of tournaments in the districts. At the national domestic level, the Bengal women have been doing well consistently.

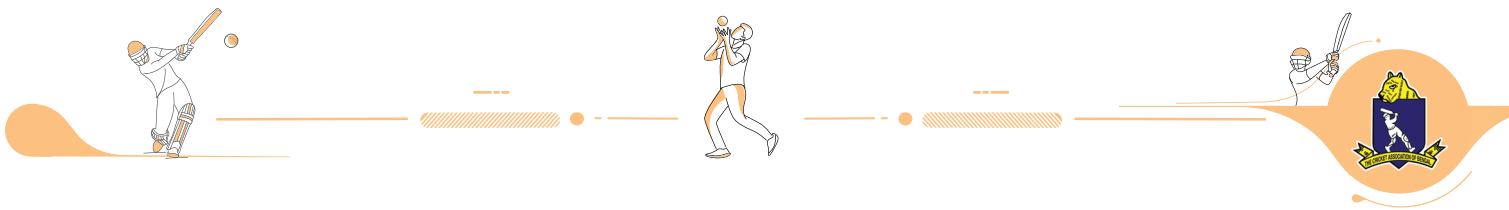

With an eye to bringing more talents and giving them more practice throughout the year Women's Club Cricket will start from next season with eight clubs initially, with CAB helping the clubs with players and support staff.

We want to do more for women's cricket and that will happen with your continued support and cooperation.

Best Wishes

Debabrata Das
Hony. Jt. Secretary, CAB

Secretary's Report

Respected Chairman, Dear Friends & Colleagues,

Good evening and a very warm welcome to this 92nd Annual General Meeting of the Association. Firstly, I would like to extend thanks to each one of you for becoming a part of this event and gracing it with your presence.

We had a very good domestic cricket season which we had started early so that we could finish the matches well before the time keeping the World Cup in mind and also the renovation works that would take place. We were successful in attaining this goal because of the dedication and hard work put in by our member colleagues, back office executives, curators and grounds men.

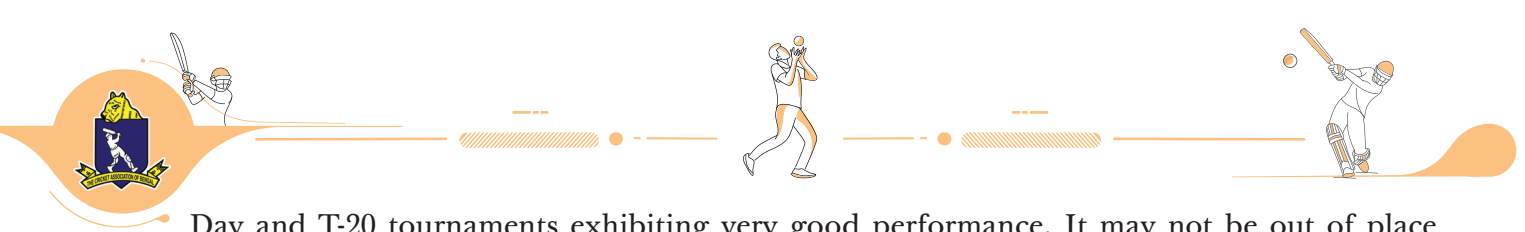

Our principal objective is to develop Bengal's cricket and that has been our priority. We have given the best to take Bengal cricket to the next level after going through the worst phase of Covid. We ensured that cricket got highest priority be it Women's, Men's or Age group cricket. Super League started early to give players enough time to get ready for the domestic season. This year we have given more focus on junior tournaments and took various steps in compliance with BCCI rules for development of junior cricketers. These junior tournaments play an important role in spotting talents for the future of Bengal cricket.

CAB has taken an initiative for the development of district cricket in a large scale, various tournaments have been introduced to spot talented girls and boys and have also appointed the Talent Hunt Committee who monitors throughout the season and spots the best talent for the future of Bengal.

Further, I take this opportunity to mention a few of our impressive achievements this year at the national level. Our Senior Men's Team reached Final and became Runners-Up after displaying excellent performance in the group stages as well as knock out stages of Ranji Trophy. The Sr. Women's team became Runners-Up in the T-20 Tournament. Our congratulations to both the Sr. Women's & Men's Teams. Our Senior Men's team also reached the Qtr. Finals of Syed Mushtaq Ali T20 Tournament and the Men's U25 team reached Qtr. Finals of the One Day Meet.

The Bengal Under-19 team exhibited their talent in Cooch Behar Trophy and made sure to reach knock-out stages. Our Under-19 Women's team reached knock out stage both in One

Day and T-20 tournaments exhibiting very good performance. It may not be out of place to mention here that the Association has arranged thorough trials systematically for all age groups from time to time. The Association has taken steps to ensure the transparency of the players' registration process by launching the online documents submission and players' registration process across all age-group levels for 2023-24 season.

Further, we are delighted to let you know that the majestic Eden Gardens will be hosting five matches relating to ICC Men's Cricket World Cup – 2023 and the entire stadium has undergone renovation work using special materials like extra clear glasses, appealing light arrangements, creative façade, high quality furniture, paint etc. to give it a state-of-the-art look. The CAB will sport a new look having completely renovated Press Box and Media Centre along with aesthetically upgraded corporate boxes. The classy looking fully equipped ultra-modern media centre and press box have been fitted with modern gadgets for them to operate efficiently. Our Players' Dressing Rooms have been completely renovated for better comfort and soothe. A total of 32 Corporate Boxes have been renovated with sitting arrangements and facilities matching the best in the world. This apart the Boxes in the Club House have been upgraded sporting a new look. Other upgrades and reconstruction have been done to make the Club House look really international and classy for the member's usage.

The Eden Gardens has installed most advanced lighting systems with LED lights and DMX system allowing us to synchronize music and create graphics which makes our tower lights the most modern in the country. This has got the facility to restart in a matter of minutes in case of power outage. All the 4 towers have been repaired and painted and now have a total of 508 LED lights that gives more than 3500 Lux on the pitch. Further, we have installed a new Score Board along with another one being installed on Block-J.

The representatives of ICC and BCCI visited the Eden Gardens to look into the progress of work and expressed happiness on the work being done for the forthcoming World Cup matches from 28th October, 2023.

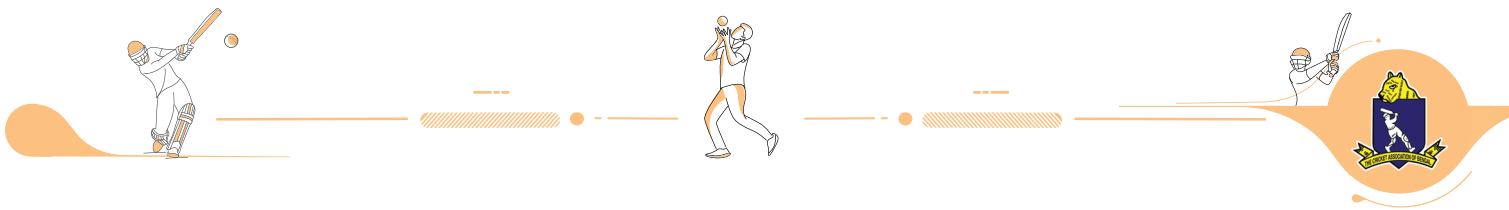

Finally, I, would like to thank our beloved Shri Sourav Ganguly for guiding us all and being of great support from time to time on various issues.

I would also sincerely like to thank our President, Shri Snehasish Ganguly, Office Bearers, Sr. Members and Member Colleagues for their excellent support. My sincere thanks to our back office executives, curators and grounds men for excellent work they have been doing day in and day out.

Thank you,

Naresh Prabhulal Ojha
Secretary, CAB

Umpires play a vital role in conducting any cricket match smoothly. CAB has always tried to take positive steps to improve the standards of umpiring. The Association conducted extensive classes and seminar for the umpires with the new MCC law as well as Bye-laws of CAB Tournaments for the cricket season: 2022-2023. This year, newly formed “Impact Player” rule was part of the J.C. Mukherjee Trophy Tournament, N. C. Chatterjee Trophy Memorial Tournament and Inter University T20 Tournaments.

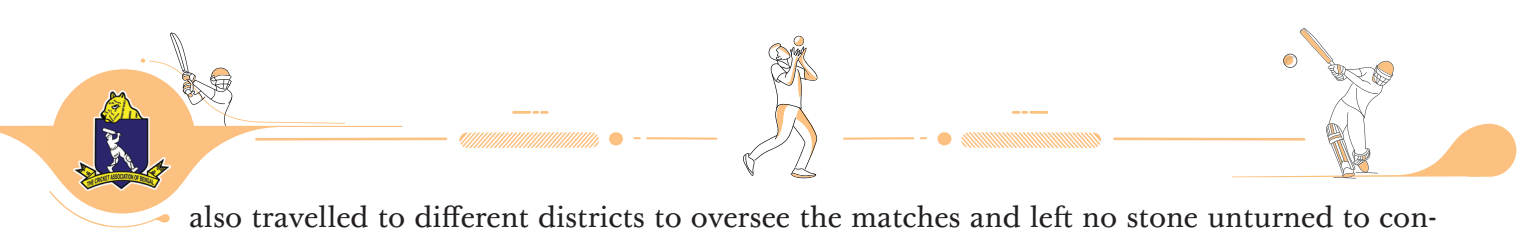

This year, more than 2500 matches have been played in Kolkata, different districts along with IIT Kharagpur, over the period of 8 months and the umpires conducted all matches efficiently. Any unruly behavior of the players and team members were reported by the umpires in time and all umpires submitted their respective reports to the Association. No adverse reports were submitted to the Association.

OBSERVER

The role of the Match Observers along with umpires is important to conduct the matches and tournaments smoothly. Keeping in the mind the same, CAB has made the Observers aware about the Playing Condition of the Tournaments and any changes, if any, to be implemented from time to time. The umpires also carried out their duties actively under the supervision of Observers. The Observers intervened and have taken appropriate steps at the time of need. This year, the Observers carried proper Light Meters to conduct the matches and did their jobs exceedingly well. They also reported to the CAB on the available facilities at the grounds before the match and also looked into the attendance of umpires and scorers. The observers

It was praiseworthy that the scorers reached the ground on time. In addition to this, classes and seminars were held by CAB for the scorers to improve their agility and skills. The Association left no stone unturned to improve the standards of scorers.

Dear Friends,

Let me first express my sincere gratitude to all of you for the immense support and cooperation in the last year.

While you will find all details related to the Association's book of accounts in the ensuing report, I wish to highlight that the association is stable financially and has been able to take care of the needs of our players (to the best extent possible) and all our affiliated units.

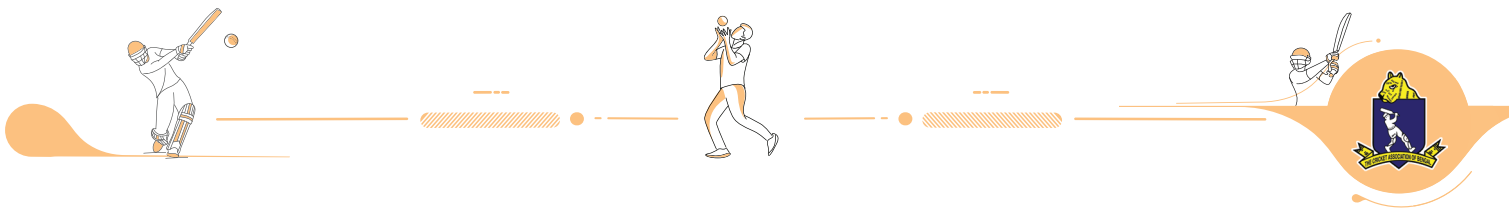

In addition to handling the finances of the association, I am grateful for the opportunity to lead the Association's efforts in the field of University cricket. Our association accords high importance to University cricket, as it is an important program to develop budding cricketers for the state.

I seek your support and cooperation in future years for the uplift of cricket in West Bengal.

Independent Auditor's Report to the Members of The Cricket Association of Bengal

Report on the Audit of the Financial Statements

I. Opinion

We have audited the financial statements of The Cricket Association of Bengal ("the Association"), which comprise the Balance Sheet as at March 31st, 2023, the Income and Expenditure Account for the year ended on that date and notes to the financial statements, including summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required, in the manner so required, and give a True and Fair view in conformity with the Accounting Standards mandated by the Institute of Chartered Accountants of India ("the ICAI") and other accounting principles generally accepted in India.

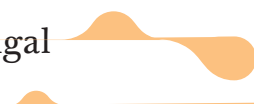

- A. In the case of the Balance Sheet, of the State of Affairs as at March 31st, 2023 and
- B. In the case of the Income and Expenditure Account, of the Surplus of Income over Expenditure for the year ended on that date.

II. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) recommended by the ICAI. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Society in accordance with the "Code of Ethics" issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

III. Information Other than the Financial Statements and Auditor's Report Thereon

The Association's Management is responsible for the other information. The other information comprises the information included in the Annual Report including the Annexures thereto, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

IV. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

V. Emphasis of Matter

Attention is drawn, without modifying our opinion, to the under-noted matters:

- a. The Association's Fixed Assets Register is pending installation, resulting in our inability to comment on the reconciliation of physically available fixed assets with the book-records;
- b. Pending reconciliation and confirmation of balances of receivables and payables.

VI. Responsibilities of Management for the Financial Statements

The Association's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the statutory provisions for safeguarding of the assets of the Society and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view in accordance with the applicable Accounting Standards and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Association's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going basis of accounting unless it either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

The Association's Management is also responsible for overseeing the financial reporting process.

VII. Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("the SAs") will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

2. Reliance World Cup Accounts 1987, forming part of security deposit in liability side of the balance sheet includes Rs. 6,84,475/- (previous year Rs. 6,84,475/-) against Civcon Construction Pvt. Ltd. a party having commenced legal proceeding against the Association on alleged ground of forfeiting their due for non performance of the terms of contract within the maintenance period stated as wrongful. While the contractor has filed a suit in the Hon'ble High Court at Kolkata claiming refund of the security deposit with interest and compensation against loss of profit, the Association has filed counter claim for damage of Rs. 4,50,000/- (previous year Rs.4,50,000/-) along with interest and cost apart from refuting the claim of the party. The cases are pending before the Hon'ble Court, Kolkata.

The Association has made provision for Rs. 8,15,228/- against said disputed liability on account of principal due in application of AS-29 issued by ICAI read with para A(7) of Significant Accounting Policies. There was no movement of provision during the year and timing of possible outflow of fund in this regard is not readily estimable.

3. For live telecasting the matches of HERO CUP, CAB conferred exclusive rights to TWI. DD claiming exclusive right of telecast of all matches in India refused to grant up-linking to TWI. CAB had to challenge the same in Kolkata High Court, which passed an order dated 12th No-

vember, 1993 directing grant of licence to TWI to telecast the matches. The Court also granted leave to DD to telecast in India the matches. DD was specifically directed that all collections of revenue on account of sponsorship or otherwise available for commercial purposes that would be realized by DD during the course of telecast shall be kept in a separate account and shall not be dealt with until further order. Ultimately the subject case went to the Apex Court that delivered the historic judgment setting down the laws and right of telecast of matches upholding the contentions of CAB. In course of hearing DD admitted having received a sum of Rs. 96,83,000/- (previous year Rs. 96,83,000/-) towards advertisement from telecast of HERO CUP Matches. The Apex Court also directed the Kolkata High Court to apportion the said amount between CAB and DD after hearing the parties. CAB has since filed application in the Kolkata High Court claiming 80% of the revenue received and/or realized by DD together with interest @18% per annum as well as penal interest @6% per annum and costs. Pending verdict of Hon'ble High Court, no income has been recognized in this connection.

4. RDG Interior Decoration Exterior Architecture Pvt. Ltd., a contractor entrusted to interior decoration, civil renovation & re-fabrication work, raised a bill for Rs.92,29,324/- (previous year Rs. 92,29,324/-) for its work. After due joint verification by the qualified engineers/surveyors of the Association and the contractor, the association's surveyor had recommended a payment of Rs. 50,28,787/- (previous year Rs. 50,28,787/-), which amount has been booked as expenditure in the accounts. Although the party had claimed the full amount, the Association is of the view that the payment made is adequate and no further provisions are necessary. Considering the above Rs. 7,71,213/- (previous year Rs.7,71,213/-) due from the contractor has been accounted for as advance considered good. Neither any provision has been made for the difference of bill amount.

The contractor has referred the matter to the Hon'ble High Court at Kolkata and the matter is sub-judice at present.

The Association had paid Rs.16,62,99,727/- through GAR-7 as reflected in ST-3. There after, the Association had opted for Sabka Vishwas (Legacy Dispute Resolution) Scheme (SVLDRS) and paid Rs 16.62 Crores. But, the tax authorities denied the benefit and demanded an additional sum of Rs 3.37 Crores to settle the case under the scheme.

Consequent to the SVLDRS rejection Order, the original appeal gets restored before CESTAT, Kolkata and shall be heard in due course.

6. Loans and Advances-TDS Recovery-VSV-Rs 4,50,00,000.

In accordance with the arrangements / agreements between the BCCI and the State Cricket Associations (SCA), the BCCI pays the SCA’s their share of media rights and franchisee considerations and had deducted TDS @ 2% thereon for the period from FYr 2020-11 to F. Yr 2016-17, as against the contention of the fiscal authorities that TDS should have been deducted @ 10%.

Pursuant to an order u/s 201 of the Income Tax Act, 1961 raising a tax demand for the differential amount of 8% (10%–2%), the BCCI’s opted for the Direct Tax – “Vivad Se Vishwas Scheme” (VSV). The amount of TDS short-deducted relating to the C.A.B amounted to Rs 18 crores which the BCCI has decided to charge to the C.A.B in 4 instalments spread over 4 financial years commencing from the financial year 2022-23.

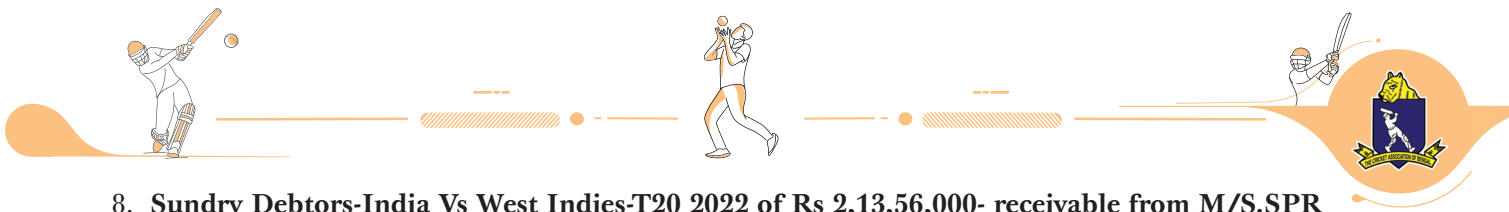

The First Instalment of Rs 4.50 Crores has been adjusted during the current year by the BCCI from the invoice raised by the CAB and the same is disclosed in the Balance Sheet as “Current Assets-TDS Recovery-V.S.V Scheme”

The V.S.V Scheme lays down that the deductee (i.e, the C.A.B.) shall be allowed to claim credit of taxes in respect of which the deductor (i.e, the B.C.C.I.) has availed of dispute resolution under the V.S.V scheme. However, the credit will be allowed as on the date of settlement of dispute by the deductor and hence the interest as applicable to deductee shall apply.

The Association is pursuing the matter for claiming the refund/ adjustment of Tax credit passed by the BCCI.

7. **Sundry Creditors & Others** include Interest free advance of Rs 25 Crores repayable in 5 years had been obtained during FYr 2021-22 to support the construction of a cricket academy at Rajarhat on land taken from the Govt of West Bengal under arrangement of operational lease which is pending execution.
